

# Year 5 Homework

|  |          |
|--|----------|
| Week 5   | 07/02/20 |
| To be completed by: Wednesday 12 <sup>th</sup> February 2020 |          |

Spellings: sensible, visible, visibly, possible, possibly, horrible, horribly, terrible, terribly, incredibly.

## Topic Homework

Write a fact file about a volcano of your choice. You could include: height, location, status and dates of last eruption. You could also include pictures and extra interesting facts.

### Santa Maria

Santa Maria is located in Guatemala, just south of Mexico.

Its highest point is 3772m high.

It has been continuously erupting since 1922 and its most recent eruption was on 22<sup>nd</sup> August 2013.

The eruption of Santa Maria Volcano in 1902 was one of the three largest eruptions of the 20th century and one of the five biggest eruptions of the past 200-300 years.

**Did You Know?**  
Its currently active dome is called Caliente ('hot' in Spanish).

## A Book You Should Read!

Harley recommends 'The Good Thieves' by Katherine Rundell.

## Maths

Complete the work given to you from your teacher.
