## Message from the Headteacher

Dear Parents/Carers,

First of all, I would like to say a big thank you to parents/carers, who have brought their child to school this week, for following the protocols that we have put in place. This has been really helpful for us in ensuring that everyone is kept safe. The children have settled in well and it is great to see that the systems that we have put in place have worked.

Secondly, I would like to remind you that our teaching groups are limited to 10 children per group, as identified on our risk assessment (which can be found on the school website). Therefore, once the limit has been reached, we cannot allow any more children into that group. So, if you are intending on sending your child back to school (in Reception, Year 1 and Year 6 only) please email myself or the info box sooner rather than later. Our Pre-School has now reached its maximum limit.

Can I remind you that teachers are putting work onto the online classrooms on Microsoft TEAMS on a weekly basis. We have sent out usernames and passwords. Please can you encourage your child to complete the work set. If you don't have computer access, please let the school office know and we can arrange a paper copy to be either sent or collected from school.

Keep safe and well. Many thanks, Jon Stevens.

***Bromley Hills is a Good school. Ofsted report 2019.***

## Coronavirus Risk Assessment

The risk assessment that has been written and agreed by Governors is on the school website. If you wish to have a paper copy, please let the school office know and a copy can be posted to you.

## Online Reading Now Available

[readon.myon.co.uk](http://readon.myon.co.uk)

Renaissance, a company that we use in school for our reading assessments, have enabled schools who have purchased their products to have FREE access to their online reading store. There are over 7000 books available, with a variety of genres and reading ages. All you have to do is to choose a book and read it!

To access the book store, google [readon.myon.co.uk](http://readon.myon.co.uk) and it will appear on your screen.

Happy reading!

## Dudley Performing Arts

As you know, we have Dudley Performing Arts (DPA) in school teaching whole class music lessons. However, due to the current situation, they have produced a series of short clips where children can continue to learn about music, even without the instrument.

See the links below for the music clips.

## Information

### End of Year Reports

Due to the current situation, the Government has instructed schools to produce a reduced end of year report this year. The DfE has recognised that they won't be the usual reports, which traditionally gives end of year assessments in all curriculum areas.

Therefore, you will be receiving a reduced end of year report in July, which gives a teacher assessment for Maths, English and Science and a target for maths and English.

Teachers will also make a general comment about your child as well.

### Infection Control Procedures

The protocols that have been sent to parents/carers state what to do if your child is unwell; i.e. if your child shows any signs or symptoms, they must remain at home for 7 days. If anyone in the household has the virus, they must stay at home for 14 days.

All children who show signs of the virus **must** be tested. If you are not sure about how to go about getting a test, we can ask the school nurse to support you.

Children who have been tested must stay at home until the results of the test are known. Only then, will they be allowed back into school if all clear.

## Violin Lessons

Dear Parents,

Your child was having, or due to start a violin lesson in school once a week. Although they are not able to play the instrument as it is in school, there are still things they can do to help get better at music. Below is a link to a short introduction from me and under that some other links to some other activities that they can do. Please have a go, encourage your child to join in - you may even want to do this with the whole family.

A short video from me: <https://youtu.be/WK3tjRPrTxS>

Activities for this week: <https://youtu.be/tOKbWWNOcZM> <https://youtu.be/U80rZldUr-g>

## Brass Lessons

Dear All,

Your child was having a brass lesson in school once a week. Although they are not able to play the instrument as it is in school, there are still things they can do to help get better at music. Below is a link to a short introduction from me and under that some other links to musical activities that they can do. Please have a go, encourage your child to join in – you may even want to do this with the whole family.

## Recorder Lessons

Dear Parent/Guardian,

Your child was having Recorder lessons at school once a week. Although they are not able to play the instrument because it remains at school there are still lots of fun things that they can be doing that will help them to learn about music.

Below is a link to some activities that they can do at home. Please have a go and encourage your child to join in- maybe you can do this as a whole family.

Activities for this week: <https://youtu.be/RzvUXZho3QY>

<https://youtu.be/5jyKJo-uGus>

Have fun!

Mrs Sarah Gullick
